Practical academics class is moving from JCPS.

Achieving excellence document: Ministry document about how to thrive. Plan of action on how to promote wellbeing. Ministry of education website.

Facility renewal: Gym doors have glass in them. Safety issue. Kids won't get hit by the door now. Also getting rid of stinky plants. New telephone system (big improvement) allows teacher voicemail . Some Brick work to be completed. Kelly asked about the security window being put in to see who comes in. Will look into for future.

PLCs

Staff get development together with Scott Young and sharing problems and ideas. Strategies for improvement.

Portable Sound System

\$1138 Passport 500 Pro from Long McQuade.

Vote is a yes. Darren will call about the price. Will purchase next week.

Little Caesars

We will look into it. Allowed 10 days per year that do not comply with the nutrition policy. The parent BBQ in Sept. is one. Could use Little Caesar's fundraiser as one if we need to (might not have to as it is an out-of-school thing). Melinda has been asked and will volunteer to help with is.

Citrus

Vote yes for citrus. Darren and Kelly will run it again.

Monkey Bars

Talked about options.

Want Board to come out and approve.

Need to find out if home made one will fly. Or if we have to go with Henderson. Commercial Playgrounds cost more but will stay. Need to hear from Karen Round and Andrea will email everyone with info on ground prep. Need to look into grants. Can we use the Parent Reaching Out grant? To be revisited in a week! 😊
